26	Answers to Textbook p. 21	1	(g) $640 > 604$ (h) $909 < 990$	2008
173	Answer to Textbook p. 125-127	7(b)	120g	2008
177	Answer to Exercise 2 (p. 73-75)	3.	Students have not learned decimal numbers; they should answer to the nearest half centimeter. (a) about 5 cm (b) about 9 cm	2008
	Answers to Exercise 3 (p. 76-77)	3	Students should not answer in decimals. You can have students measure to the nearest half centimeter, so the width is about $3\frac{1}{2}$ cm, or the nearest centimeters, so the width is about 3 cm or about 4 cm.	2008
179	Answers to Review 5 (p. 111-114)	3-11	Delete #3, renumber the rest (4-11) as 3-10.	2008
